January-March 1983

Current Federal Civil Service Announcements

A periodic listing of those competitive examination announcements which are publicized nationwide.

These Civil Service Announcements cover jobs throughout the U.S. unless otherwise noted.

Information about other Federal jobs not covered by these announcements is available at local Office of Personnel Management (OPM) offices.

Federal employment opportunities vary by occupation, geographic area, hiring trends, and the number of qualified candidates. For full information on opportunities and application procedures, contact a FEDERAL JOB INFORMATION CENTER (FJIC). FJIC's are listed in major metropolitan telephone directories under "U.S. Government." Federal employment opportunities are also posted in State Job Service (State Employment Security) offices.

Pay for Federal employees is adjusted periodically. Current entrance salaries for occupations covered below are published separately and are available at FJIC's.

All qualified applicants receive consideration for Federal jobs without regard to race, creed, color, political affiliation, sex, or national origin.

In most occupations there are few GS-14 and GS-15 level jobs. When vacancies occur at these levels, they are published in either weekly SLRB's or agency vacancy announcements, as indicated under the Senior Level Positions section below.

If an exam has been delegated or decentralized, you must check with the OPM office (FJIC) in the area where you want to work for information/application instructions (if applications are being accepted).
